### Japanese Day - BBQ

We celebrated Japanese Day. It was very amazing for us to know more about their culture, history and some interesting tourist attractions in Japan. And all the food made by Japanese students - original Japanese cuisine !

### Daily meals for our students :

On November, we have most of students are coming from Japan and that's why we think about increasing the food quality and improving its taste. We start to add up more Japanese spices into our daily meals for our students to enjoy eating at school. It's also a good chance for another international students to try the taste of Japanese food.

### Movie Time

Movie Time helps students to have time to relax after studying hard and practice their listening skills. The last one is developing good relationship with everybody in school through commenting about the movies.
