Support to enroll Regular school in Cebu

We offer support services to enter regular school. You will receive ESL courses at CET for several months to prepare for admission, and then you will be enrolled in a regular school after taking the entrance test and interview. In October, four students (one junior high school student, one elementary school student, and two kindergartens) successfully enrolled the school! In November, parents and children will try to experience a regular kindergarten class for short period of time. Please feel free to contact us and we will respond to your request immediately. Congratulations on your enrollment♪(^^♪

CET Information

At the end of every month, CET organizes school events where teachers, staff and students can get along together. In October, we had a Halloween party. This year's theme was "GREEK Gods and Goddesses". The teachers are energetic, and the costumes and posing are perfect. Monthly events are a valuable opportunity to communicate with other teachers and staffs who rarely talk with!
